Life-saving surgery for 7 years old boy *Current Appeals* *Upcoming Events*
Sponsor a Water Project *Get Inspired - Children Fundraising* *HCI Announcements*

URGENT LIFE SAVING SURGERY FOR EPHRAIM

Seven-year-old Ephraim Collins isn't able to attend school and play nor can he speak or even walk as a normal seven-year-old can. Ephraim suffers from severe hydrocephalus. This condition manifests with an abnormal accumulation of cerebrospinal fluid within the brain, his head currently has a diameter of 88 centimetres. Ephraim, in the eyes of some medical practitioners, is essentially hanging on to life and urgently needs the funds. Without this life saving surgery Ephraim will die. HCI is making a special appeal to all our generous donors to help us save the life of this little boy by enabling us to provide medical assistance required for this life saving surgery.

DONATE NOW

East Africa Drought

Thousands of families are suffering from the drought in Somalia and Ethiopia. Please [help](#) us to provide Emergency Relief Assistance to the victims in these regions with your kind [donation](#).

eritour/)**

[Sponsor a Water Project](#)

Together, we can help over 41,000 people affected by drought in East Africa. We can assist them to have access to clean and safe drinking water. Due to drying rivers, and no other viable sources of water, more than 6800 households are becoming severely vulnerable to disease and sickness.

We urgently need 10 groups to assist HCI in raising \$15,000 each to help alleviate the suffering of more than 41,000 people in East Africa.

Please contact Mahmuda Khan, Director of Fundraising and Development [613-742-5948 ext 30](tel:613-742-5948) or mahmuda@humanconcern.org to plan and strategize a fundraising campaign for you in your community.

HCI Inspiration

Blossoms for hope was created by a group of 4 young children who create handmade products to raise money for charity. Our story began two years ago when our aunt's best friend and husband were both diagnosed with terminal cancer. They had two young girls and their story really touched us. Upon hearing this heartbreaking story, we wanted to do something. We decided to make

Salam Al-Ezzo is waiting for you

Salam Al-Ezzo is a 6 years old Syrian girl. August of 2013 was joyous time for Salam when she was sponsored by one of HCI's generous donor. She started to go to school and dreamt of becoming an Engineer one day. Due to

handmade necklaces and sell them to raise money for cancer research. This led to the beginning of our campaign called Blossoms for Hope. Over the past two years Blossoms for Hope has donated money to several medical charities. This year we decided to expand our campaign and raise money to build a well to provide clean water for children and families in Africa. In addition to the necklaces, we now sell earrings, bookmarks and greeting cards. We are working in collaboration with Human Concern International to help us achieve our goal. We hope to continue our campaign to give back to the world by spreading "Blossoms for Hope".

Please [donate](#) to help the children reach their goal.

some unforeseen circumstances, her sponsor was no longer able to continue the sponsorship and so Salam lost her sponsorship after one year. HCI have been supporting her to continue attending school with her best friend Hiba. There are several other young children such as Salam waiting for you to sponsor them. [Read more](#) about Salam.

You can help us reach out to your community, friends and neighbors, Masjids, schools, other institutions or businesses to sponsor a child like Salam and give them the opportunity to become the engineers, doctors, teachers and architects of tomorrow.

Please [sponsor](#) a child today and spread the word about our [Child Sponsorship Program](#).
