Assalamu Eleikum, everyone.

On behalf of the Board of Directors of Human Concern International, I thank you all for all your support.

The journey of HCI began 39 years ago with three Muslim brothers in the basement of Ottawa Mosque, after the Russian invasion of Afghanistan by getting together to collect clothes, food and medicine to help Afghan widows and children and those injured in the war. The organisation was named the Afghan Relief Fund, providing help to the displaced persons in Afghanistan and refugees camped in Pakistan.

Later the Afghan Relief Fund expanded its work to other needy countries and its name was changed to Human Concern International to reflect the true scope of its work. Today, HCI is helping the needy and the poor in more than 45 countries and collected over 150 million dollars.

HCI’s success and steady growth has been the results of the hard work and dedication of HCI staff, volunteers and committed Board of Directors. They bring impressive skills and valuable experience from across the world and I thank them for their outstanding efforts.

The Board joins me in paying tribute to our Executive Director, Ms. Mahmuda Khan and all local and international staff. They carry out their essential work with skill, creativity, compassion, energy and enthusiasm in often risky and demanding environment.

Most of all, HCI owes a debt of gratitude to all donors who have supported our work here in Canada and worldwide over the past four decades.

All our projects are monitored and inspected by our team/directors to ensure the good outcome. The processes, and policies and guidelines are met properly.

We owe our donors and supporters a debt of gratitude for supporting our work for now almost forty years. I wish to acknowledge their generous contributions that were utilizing to undertake relief programs and implement development projects with the utmost efficiency. Thank you for entrusting us with such noble task. We will strive to continue to deliver good results and worthy of your trust.

Sincerely,

Syed Mumtaz Akhtar
HCI Chairperson
Dear Friends,

The journey of Human Concern International (HCI) over the past 39 years have been incredible.

It is my great honour to be a part of this Organization which serves the work of God and help to make positive impact in the lives of millions of people in need across the globe.

I joined HCI as a volunteer in 2010 and since then every moment spent with HCI has been immensely blessed. To have the opportunity to see the work of this Organization as an observer since my childhood then as a young donor, then as a volunteer and now as a team member, what makes me the most content that HCI is honest, sincere, modest, dedicated and well-intended Organization from inside and outside.

Human Concern International has been delivering very meaningful and impactful programs in over 40 countries with efficiency, effectiveness and transparency.

We will continue to make sure that we give our best to keep your trust and utilize your generous donations to serve as many orphans, widows, and seniors in Afghanistan, Bangladesh, Gaza, India, Iraq, Lebanon, Pakistan, Somalia, Sudan, Syria and many more tragedy-stricken regions.

At times it gets very difficult for HCI team when we are overcome by emotions to witness innocent lives especially our young children and seniors suffering in ways no human should experience. But each time we face these difficult moments we are overwhelmed by the amount of support and prayers we receive from our donors, volunteers and all the friends of HCI.

Your support gives us the strength to move on and keep working harder to serve the humanity.

2018 has been another fulfilling year for HCI and we are happy to share this Annual Report which will accredit our work.

2019 has also been a very fruitful period thus far and we feel whole-heartedly confident that with your continued support we will build many more water wells to quench the thirst, fund schools to provide education to underprivileged children, build orphanages to give a bright future to orphans, support hospitals to heal the hurting, build shelters and livelihood programs to help families live a life of dignity and self-sufficiency.

While HCI contributes to Emergency Relief programs in disastrous and war-torn zones, we will keep our focus on “hands up” as opposed to “hand outs” values of our Organization.

I would like to conclude with a message I was given from a mother I met at Rohingya Refugee camp,

“...my daughter, I will always remember you and make prayers for your donors. When you go back home, tell your people not to forget us.”

I will always remember this message which drives our team work day and night throughout the weeks and weekends to help send relief to these people in need.

Together you and HCI will transform the lives of many people worldwide.

On behalf of the entire team of HCI and most importantly our beneficiaries, I’d like to express our most heartfelt gratitude for all your support.

Thank you and we look forward to sharing another successful yearly report with you in 2020

Mahmuda Khan
Acting Executive Director
HCI Quarterly Activities Report

PERIOD COVERED
April to June 2018
Sustainable Projects

**Afghanistan**

**Water well Construction Project**
This project is implemented in Afghanistan by Sadat Charity Organization for Human Community. The goal is to provide clean and safe drinking water to those in dire need. The immediate impact is to provide essential needs for families. The wells were dug in two mosques in Kunduz province where Sadat is located. One was in the county of Ali Abad Kunduz Province with 1,200 beneficiaries. Second, was in masjid Salman Fars at Sari Daura city province of Kunduz with 2,500 beneficiaries.

**Ramadan 2018 Sadat SCOHC**
This project provides essential food for families during the holy month. Over 100 families were supported.

**Bangladesh**

**Essential Items Ramadan Project**
During Ramadan, this project met essential needs during Ramadan. Ramadan 2018 project aimed to deliver aid to the Rohingya refugee camps in Bangladesh and Rohingya villages in Myanmar. The areas where the project is being implemented are Kutupalong, Balukhali and Tenkahi refugee camps, Bangladesh Buthidaung, Rathedaung, and Maungdaw villages in Myanmar. An estimated 150-200 families should benefit from this project.

**Bosnia**

**Ramadan Packages Program**
HCI worked with Merhamet to alleviate poverty. The main goal of humanitarian work is to provide people with a warm meal for iftar and Ramadan packages. Ramadan packages were distributed on the territory of Bosnia and Herzegovina, Sarajevo.

**Ethiopia**

**Rainwater Harvesting Program**
The project of Rainwater harvesting in Afar Pastoralist Community is in two pastoralist communities, Afar Region in Ethiopia. Pastoralists of two settlements are Durunguta and Eddeysa in Geega, Dubteworeda, Afar Region. 550 households were involved. Beneficiaries are affected by drought and constantly under stress and vulnerability of thirst and lack of water.

**Essential Items Ramadan Project**
Myanmar is blockaded from food and supplies by the military. The main objective of the project is to deliver funds for food, clothing, medication, etc. for people in Rakhine. The project delivered supplies to families that are cut off from food and essentials in Myanmar. The refugee camps in Bangladesh are also areas of extreme poverty especially when there is a calamity like rain or flood.

**The Development Project for Orphans**
The main objective of the project is to improve the dwelling condition of orphans, continue education and protect them from water born diseases, malnutrition and severe cold, early marriage, child labour, and from being unproductive citizens. The project aims to educate grade 5 students and help them attend an equivalent of Bangladeshi school district grade 5 competency assessment.

**Burundi**

**Education Support Program**
This project is distributing scholarship Assistance to vulnerable people from different areas in the Bujumbura township and in the country in general. Each student receives school fees. This assistance pays for tuition, school materials, equipment and school furniture, such as uniforms, shoes, and school bags. Items were provided to players of Beach Soccer Football Team. The goal is to help students including boys and girls join international championships.

**Ethiopia**

**PZ GLODANKA PO GLODI ZVORKNI Project**
This project aims to provide food, clothes, and implement hygienic conditions for refugees from Syria, Pakistan, and Algeria.
truck water for cement work. The community will strengthen the existing fence; collect sand and rocks for the rehabilitation work and guard all material during the construction period. The Project objective is to help 102 households of the poorest members of the community to participate in Ramadan and Eid of Al Fitr.

Gaza

Asia

Afghanistan, Bangladesh, India, Kashmir, Somalia, Sudan, Pakistan, Rohingya

Middle East

Egypt, Syria, Lebanon, Palestine, Tunisia, Yemen
HCI Quarterly Activities Report

Period Covered
October to December 2018
Sustainable Projects

Afghanistan
Water well Construction Project
This project is implemented in Afghanistan by Sadat SCOHC (Sadat Charity Organization for Human Community). The goal was to provide clean and safe drinking water to families.
Two wells were dug near two mosques in Kunduz province where Sadat is located.

Bangladesh
The Development Project for School
The project improved the conditions of orphan children, continued education and protected them from water borne diseases, malnutrition and severe cold, early marriage, child labour exploitation.
The project aims to educate children up to grade 5 and make them capable for appearing for an equivalent of Bangladeshi school district grade 5 competency assessments.
The disbursement of funds for education was funded to Amir Hasan School – Tenkhali Refugee Camp, Chittagong district, Bangladesh and École Tunis – Nayapara Refugee Camp, Chittagong district, Bangladesh.

Haiti
Food Basket Project
Association des Communautes Musulmane Haitienne (ACMH) received the financial support from HCI via the organization ORDEPROGREASIA to distribute foods baskets to families, orphans and vulnerable children, and people with disabilities.

India
Health care Project
Kharod Charitable and Welfare Trust
The project assisted with providing health care to low income communities. The Kharod provided medical services to the ones in need.

Darul Uloom Arabiya Islamiya Kantharia
The project provided locally produced food to the institute. Food, clothes and cash stipends were given by Darul Uloom Kantharia to people.

Morocco
Housing and Orphan Project
HCI granted funding to Al Rayane Association in Morocco for the Housing and Orphan Project.
The project took care hundreds of families of orphans, providing them with monthly food baskets, educational support, medical assistance, and housing.

Pakistan
Meat Project
Every year with the help of HCI Canada, cows and goats are sacrificed on Eid ul Adha for the leprosy patients, and orphans and people who are residing at the surrounding area of the Centre.

Deaf School Project
HCI provided funding to Family Educational Services Foundation for school transportation and meals project benefiting deaf children at Deaf Children School Pakistan.
The project benefited children from low income households. Family Educational Services Foundation provided opportunities to the Deaf, regardless of their gender or socio-economic background, with over 1000 students who currently attended Deaf Reach Schools in Pakistan.
55 students from Deaf Reach school will be provided daily transport to and from the school.

Somalia
Orphan Care Project
Human Concern International provided financial support towards orphan care project. The support included items such as food, school uniforms, textbooks, and cooking oil. The beneficiaries felt that those receiving cash subsidies should ensure that school-aged children in the household attend school, have birth certificates, and that the children’s health and nutritional status improves.

Water Well Construction Project
Human Concern International supported Tamkin Sustainable Projects
Foundation for Social Services in Somalia toward water well project. The implementation of the project benefited five villages in Beledweyne District, Hiran Region of Somalia. The project has benefited 500 family’s members by giving them access to clean and portable water.

Kenya
Water Well Construction Project
HCI supported ZamZam Foundation to build shallow wells with hand pump in Mombasa County, in Kenya. The shallow wells have improved access to water availability of the area and its surrounding villages that face severe water shortages during winter and summer. The outcomes of this project were as follows: access to clean and potable water, time saved in fetching water from different places, as well reducing the rate of infection of water-borne disease like cholera, diarrhea and typhoid. The project results were as follows; reduction in child mortality rate; improved Water and Sanitation Hygiene (WASH); Alleviation of human suffering and starvation; and better access to water. The livelihoods of farmer and their livestock improved.

Yemen
Food Basket Project
HCI worked with Social Health Care Association Food Survival for School Kits, Food Basket for the Most Vulnerable Families, Food package distribution in Sana’a as well as Food package distribution in Al-Hudaydah. The organization has distributed food baskets to refugees and internal displaced people and families from Al-Hudaydah war-affected families from Al-Hudaydah.

India
OFFER (Organization Functioning for Eytham’s Respect) is based in Kerala province of Ponnani, Calicut, Malappuram & Alleppey District of India benefited from HCI financial assistance Emergency Relief project. The project was successful in reaching out to the neediest beneficiaries at their time of urgent need. The financial contribution from HCI strongly assisted OFFER to reach out to the effected communities that was severely hit in Kerala due to heavy rainfall, which has caused landslides and heavy flooding in almost all districts.

Emergency Relief

Bangladesh
Al Ihsan Social Development Center
The Zabiha funds covered the constructions of two water wells that was completed by the end of RAMADAN 2018. Al ihsan hired a computer trainer and established a computer lab to full-fill training requirements.

HCI supported Yayasan Yasrib School in South Sulawesi, Indonesia for the renovation of the school.

Indonesia Rumah Zakat

HCI contributed towards Emergency AID Relief for Earthquake Victims in Sulawesi, Indonesia. The organization provided basic needs.

Pakistan

HCI provided financial assistance to Leprosy Patients Welfare Trust towards relief project due to drought, and low average of rainfalls that hit Pakistan. This project supported the patients with food, clothing and drinking water.

Tunisia

HCI worked towards Tunisia Flood Relief 2018 to Attaawen Charity Tunisia. The organization provided humanitarian assistance to families affected by floods, which are living in the Bank of the “Miliane River”, located in M’hamdia region of Ben Arous Governorate. The Torrential rains caused the rise of water level in this river which further increased the damage in M’hamdia. The organization has provided the essential, appropriate and timely humanitarian assistance to those affected by floods, based on an initial rapid assessment of needs. Human Concern International provided financial assistance to Association de l’ entraide et de la solidarite sociale toward flood relief in Tunisia.

Bangladesh

Surovi

HCI provided financial support to SUROVI for Rohingya Children, and salary for Rohingya schoolteachers, Honorarium of CSP Profile Data Collection Volunteer, Child Sponsorship Program, as water well construction. Classroom Construction was done at Makbol High School.
